

MBC Virtual Care: Pediatric Specialties

Rev. 6/1/2020

We're here for you, during these changing times

Our specialty teams at Mary Bridge Children's are committed to meet the needs of our communities and families during these ever-changing times. We have expanded Virtual Care for many of our specialty services. Partnering with referring providers and families to offer the safest and highest quality care remains our mission. Please watch for ongoing updates to help navigate care and referrals for children in our region.

Specialties Offering Virtual Care*	<ul style="list-style-type: none"> • Developmental Behavioral Pediatrics • Ear, Nose & Throat • Endocrinology • Gastroenterology, Hepatology & Nutrition • Genetics • Infectious Diseases • Neonatal Follow-up • Neurology • Ophthalmology • Orthopedics (limited) • Physical Medicine & Rehabilitation • Plastic/Craniofacial • Psychiatry • Psychology • Pulmonology • Rheumatology • Therapy Services: Occupational, Physical, Speech • General/Thoracic Surgery (limited) • Urology (limited) • Wound & Ostomy
How To Refer? What To Expect	<p>Continue to refer your patients as you normally would via the specialty referral FAX # or EPIC. Referrals will be triaged and appointments scheduled appropriately, virtual or in-person based on condition and criteria*.</p> <p>Use the MBC Referral Guide (rev 3/20) for all contact numbers, found at marybridge.org/refer.</p>
What is Required? Work Up	<p>Please fax any relevant chart notes and imaging to specialty clinic fax.</p>
